The Midland Ancestors shop staff wish you all a Merry Christmas and a Happy New Year.

Midland Ancestors

Now I hear you say, what is Midland Ancestors. Well on the 1st September 2017, the Birmingham and Midland Society for Genealogy and Heraldry (also known as the BMSGH) introduced a new operating name called Midland Ancestors, much easier to remember than the old name, we are currently updating our main website and phase 2 is scheduled to go live on 22nd December, here is the link http://www.midland-ancestors.uk

We will also be updating the shop software and moving to a new service provider in January, this will give us much more functionality. The BMSGH still exists as the legally registered charity and for banking purposes.

Christmas deliveries

Please note that the last posting date for UK 1st class deliveries is on Thursday 21st December, please place any orders by midday. Sorry, but overseas dates have now passed.

Warwickshire County Record Office Parish Registers

We are continuing to transcribe Warwickshire County Record Office Parish Registers, this is an enormous task and we estimate will take five years to complete. Many thanks to the 60+ volunteers worldwide who are working on this project.

In the meantime, we are adding the original register images to the shop, this is taking quite some time as well, so if you are interested in a parish, please let us know so we can fast track. Note we do not have Birmingham parishes as they are held by the New library of Birmingham archives or Stratford upon Avon which are held by the Shakespeare Trust.

Price Increases

We have not had a mass price increase since the shop was opened in 2010, but due to increased operating costs, we will be increasing prices from 1st January 2018.

Special offers

This month we are giving 10% off most Family History Partnership books, see http://bmsgh-shop.org.uk/Family-History-Partnership for a list of products included.

The My Family History record book, is reduced by 15%, was £9.99, now £8.50.

Offers are valid until midnight 31st December 2017.

Organising your research

The following are record books for recording your family history and are some of our best-selling items.

My Family History - A ten generation family research record book with pedigree charts

Published by the Family History Partnership, A4, 80 pages, £9.99, on offer at £8.50 until 31st December 2017.

'My Family Record Book' is an efficient and attractive method of recording and displaying the result of family history research and a handy 'aide memoir' to carry around when researching. The product is in two main parts; a ten generation record book and a loose-leaf, two-sided ten generation pedigree chart, plus a system for recording re-marriages and new partnerships.

There has long been several five generation versions available but the complaint has always been that 'they don't go back far enough'. Hopefully, this publication will resolve that problem. It allows the recording of 256 marriages, 512 ancestors plus offsprings, stretching back to the early 1700's and beyond. All individuals are allocated unique reference numbers to mate entries in the record book with those on the pedigree charts.

The 'My Family History Ten Generation Pedigree Chart' is also available separately.

Ancestral File A record book of family research

Published by Invicta Books, A4, 36 pages, £4.95

This book offers a convenient system for organising your research findings. In the middle there is a double pedigree chart which allows you to see both the paternal and maternal sides of your family at a glance. From this chart there is a link to the information page for each family group in your direct ancestry. Each family page is set out with boxes in which to enter vital facts - marriage information, birth dates and places, details of children and census check list.

This book can also be used to present the results of your research to other members of the family in an easily understood format.

Situations Vacant

We currently have volunteer vacancies available. If you can spare some time and are interested in any of the roles below or require further information, please get in touch.

1005 WCRO Transcribers – We urgently require more volunteers

In December 2016, the BMSGH signed an agreement with Warwickshire County Record Office(WCRO) to sell their Parish Registers in the BMSGH shop, there are currently 2255 sets of images from 230+ parishes, so an enormous amount of data. WCRO are going to give us another 200+ Parish register volumes, so even more data to index.

We urgently need as many volunteers as possible to help transcribe these images so we can produce indexed data. Volunteers will be provided with a copy of the parish register images and an excel spreadsheet so they can transcribe names, dates, etc. onto the spreadsheet. There are three types of transcribing work:

- 1. The BMSGH already have transcriptions for 43 parishes, so in this case volunteers will get images and a pre-populated spreadsheet. Volunteers can then check data is accurate and enter the page number of the record onto the spreadsheet.
- 2. For new transcriptions, volunteers will need to transcribe data and enter names, dates, etc. onto the spreadsheet.
- 3. The BMSGH always check transcriptions, so we are also looking for volunteers to do this role, similar to item 1 above as you will get images and a pre-populated spreadsheet to check.

We will initially add the data to the shop without any indexes, so customers can buy a parish register volume, but once we have transcribed the images, we will update the shop item to include an index, and increase the price.

If you are interested in helping, please contact us, we can even let you choose which parish you would like to transcribe, where possible.
